

The Memorial Brick Program

Our *Walk of Valor* and *Friends Walkway* are key features of our landscape and permanent memorials honoring those who served on both sides of a historic conflict that shaped the United States of America, to remember those we loved, and to mark important moments in our stories.

Both walkways tell the story of struggle and how we have come together to remember, preserve and educate others about the American Civil War.

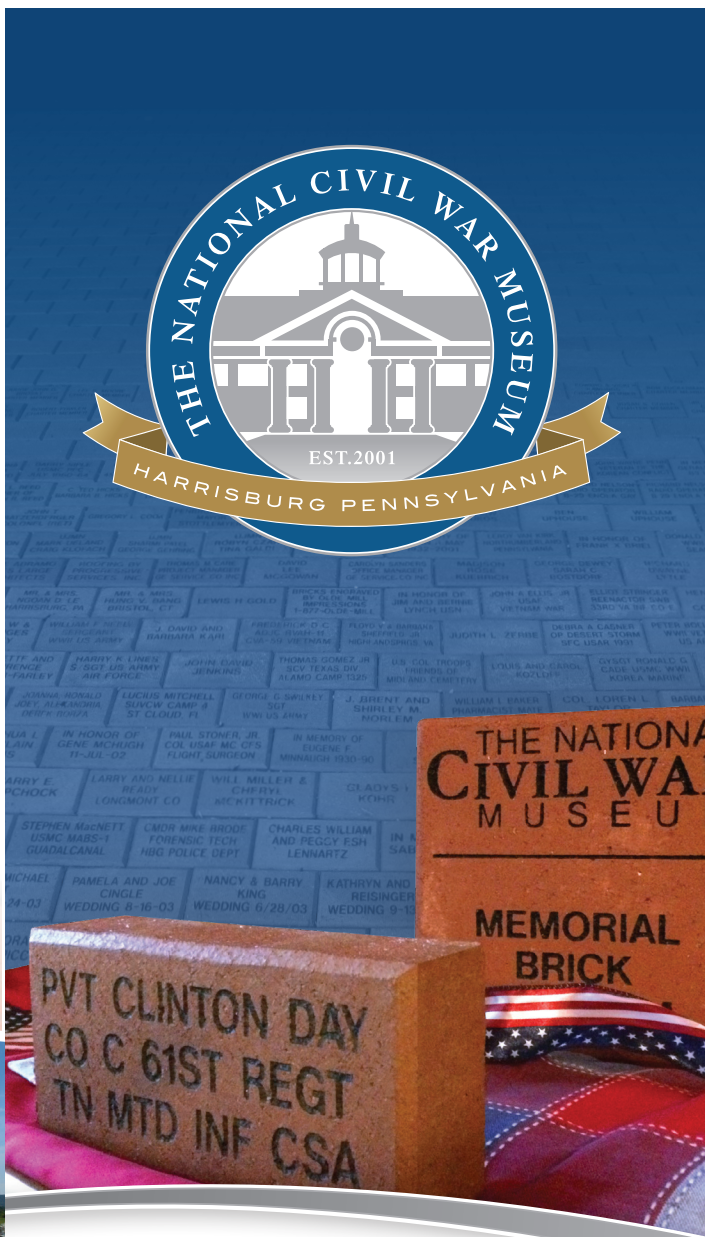

You can add your ancestors, loved ones, memories, and events to these beautiful permanent landscape features today.

The Walk of Valor greets our guests as you approach the museum, making it your first stop on a visit.

Our Friends Walkway is adjacent to our parade grounds and provides an opportunity to make an expression of support to the museum by honoring a special person or event.
